Join us in Tokyo!

COSME Tech returns in January 24 – 26 (Makuhari Messe, Japan) gathering 780* exhibitors and 30,000* visitors from worldwide who are seeking new business opportunities. COSME Tech is Asia's Leading "Cosmetics Development" Exhibition launched in 2010 and has been growing as a must-attend show for everyone in cosmetics industry. For the next 2018 show, welcoming 2 new concurrent shows, COSME Tech will be much larger and more international where all aspects of beauty industry gather at once. Why not join us in Tokyo to expand your business into Japan & Asia?

High-quality buyers from Japan & Asia

COSME Tech is well known for its number and quality of visitors. At the last edition, COSME Tech gathered 24,812 visitors from all over the world. COSME Tech is now a must-attend show for Japanese cosmetics manufacturers and the show is a trend-setting venue for the market. In addition, more and more visitors from Asian countries such as Korea, China, Singapore, Thailand, Philippines, etc. are visiting COSME Tech to source all the solutions for cosmetics development. Furthermore, quality of the visitors is one of the most attractive features about COSME Tech. The Show Management is eager to gather decision makers like CEOs, Directors, Buying Managers so that exhibitors can effectively have business meetings on-site. Therefore, the show is taking great feedbacks from exhibitors saying that COSME Tech is the best place to approach Japanese/Asian market.

Organic/Natural cosmetics demands wanting unique, new, and functional technology!

Organic/natural cosmetics market doesn't seem to know loosening its momentum. To respond the growing market, Japanese cosmetics manufacturers and companies with private label cosmetics are looking for unique, new, and functional solutions for their cosmetics manufacturing. More and more international companies from worldwide are exhibiting at COSME Tech to approach Japanese market.

Powerful concurrent shows creating leading exhibition for total beauty

COSME Tech 2018 will welcome 2 concurrent shows in addition to COSME TOKYO which is for finished cosmetics products. One is Health & Beauty Goods Expo Spring for beauty care goods and the other one is newly launching INNER BEAUTY TOKYO 2018 which is focused on beauty & health foods. For the past 5 years, COSME Tech and COSME TOKYO have been attracting cosmetics industry as Japan's largest comprehensive cosmetics exhibition covering the whole supply chain of cosmetics industry. Based on this foundation, the shows will cover not only cosmetics but whole beauty industry by welcoming Health & Beauty Expo Spring and INNER BEAUTY TOKYO.

Don't miss the best gateway to the attractive market, JAPAN!
